Yesterday's Attendance Was the Largest Ever Seen at Westminster.

Victoria Wins in the Baseball Match After Close Play.

Vancouver Loses to Winnipeg at Lacrosse in a Rough Game.

From Our Own Correspondent.

Vancouver, Oct. 4.—More people attended the Westminster fair to-day than on the previous days, and it was probably the biggest crowd that ever passed through the turnstiles at Queen's park.

In the morning the big attraction was the baseball match between Victoria and Westminster. The Victoria team were again victorious, winning from the Royal City team by a score of 9 to 6. The match was closely contested throughout. For Victoria, Holmes struck out 7; Wriglesworth made a couple of two-baggers and a three-bagger and sent the ball over the fence, and Harrison made a home run. For New Westminster, Fowler struck out 7 men; Anderson and Knight made a couple of two-base hits, and Lewis three.

At 1:30 the stock parade attracted a great deal of attention, for it was far ahead of anything ever seen in New Westminster. The stock exhibited by the American breeders was very much admired.

The big event of the day, the lacrosse match between Vancouver and Winnipeg, did not come off until 3:30, and was not finished until a few minutes to 6. The game was witnessed by about 7,000 people, and was one of the hardest, roughest games ever seen in the province.

Opinions differ as to whose fault it was that there was so much rough play, but it was certainly the case that on Tuesday there was not a suggestion of roughness in the play of the Westminsters in their game with the Westminsters.

Vancouver had decided to play Belfrey and C. Cullin, but the Westminsters, on learning of their intention, refused to play if the Victoria men played with the Vancouverites. As a result, a compromise was made, and each team played ten sides. The match was rough from the first, and in the first game, which lasted 23 minutes, many stops had to be made to mend up the players and settle disputes. Winnipeg scored with a clean shot on goal. The second game lasted 5 minutes, Winnipeg again scoring.

In the third game, the roughest of the lot, there was some ruling off and Vancouver claimed that the referee, a Westminster man, was acting partially. Vancouver finally won in 12 minutes. In the fourth game, the Westminsters again scored, after 23 minutes actual play. Vancouver took the fifth game with a 2 minutes, and Winnipeg, in the sixth, in 9 minutes. Winnipeg's victory of 4 goals to 2 entitles them to play the Westminsters again on Saturday next.

**VINEYARDS DEVASTATED.**

Situation in France So Critical That Troops Have Been Utilized to Aid the Growers.

Paris, Oct. 4.—Heavy storms throughout France have done much damage to property and live stock. Many of the vineyards are overflooded, and the vines are being destroyed. The wine-growing districts are the greatest sufferers, as over a large area the vineyards have been terribly injured, the vines have been beaten down, and in many cases the crops are almost ruined. The damage done in the Haute-Franche amounts to a disaster. The situation is so critical in Burgundy, Auvergne and the Rhone vineyards that, in response to the urgent requests of the growers, the minister of war, Gen. Andre, is sending troops to aid in the harvesting.

The Wellington Mine Workings Will Be Closed Down To-Day.

Nanaimo, Oct. 4.—The Wellington workings will be abandoned to-morrow, and all machinery will be moved to Ladysmith. Water is already flooding the workings. The output now is only two cars a day.

The Esquimalt & Nanaimo repair shops also will go to Ladysmith.

Ald. Planta will be summoned for discharging firearms within the city limits. He shot a grouse yesterday in the back yard of his residence, and the story got into the local paper, from which the police took the cue.

A number of liens, aggregating about \$1,400, have been filed by workmen lately employed in the Raven mine, Qualicum, for wages due by the company. These liens range from \$60 to \$200.

**THE BOUNDARY TROUBLE.**

Fault of the United States For Not Accepting Canada's Offer.

Ottawa, Oct. 4.—The Vancouver despatch intimating a dispute as to whether the Mount Baker mines are in British Columbia or the State of Washington elicits the information that the Dominion government in June last made a proposal to the United States for the appointment of an international commission to mark the 49th parallel. So far no reply has been received.

**FATALITIES.**

Canal Superintendent Dead—Fell From a Window—Killed by Locomotive.

Cornwall, Oct. 4.—D. A. McDonnell, for fifty-one years superintendent of the Cornwall canal, is dead.

Windsor, Oct. 4.—Eduard Saucier, ex-railway conductor of the G. T. R., and later employed at the Windsor Electric Light Co., fell or threw himself from the bedroom window of his house to the sidewalk last night, and will killed almost instantly. Mystery surrounds the death of Saucier. A woman who had been in his room is missing.

Toronto, Oct. 4.—A railway employee named John Wilson was killed at Oakland station to-day, by slipping beneath the wheels of a locomotive.

**Sentenced To Be Hanged**

One Chinese Murderer of Chief Main Pleads Guilty to the Crime.

He Will Die on the Scaffold on November 17—Broke Jail.

From Our Own Correspondent.

Vancouver, Oct. 4.—A surprise was sprung this morning in the assizes by H. H. Chubb, charged with the murder of Chief Main, of Stevenson, pleading guilty.

He was sentenced this afternoon to be hanged on Friday, November 17. He heard the sentence through an interpreter without a tremor, and walked out with the same dogged firmness that has always characterized his conduct.

Lee Chung, the second murderer, pleaded not guilty, and his case has not yet been concluded.

Thos. Johnson, sentenced yesterday for four years' for house breaking, escaped this morning.

London, Oct. 4.—Lord Roberts has wired as follows to the war office:

"Buller has returned to Lydenburg from Spitskop with 1,000 sheep. There are skirmishes with the Boers daily, but they are small affairs."

"The Dublin Fusiliers made a night assault with the bayonet on a Boer laager between Pretoria and Johannesburg, and captured nine men, mostly important Boers who have troubled the district."

"A party of Boers have penetrated the southern part of Orange River Colony, entering Devaktsdorp and Weepener. Detachments are after them."

**Exchange Of Notes**

It Is Hoped That a Satisfactory Understanding Has Been Reached.

**United States Troops Have Begun to Withdraw From Peking.**

**The Missionaries Want a Larger Force Retained at the Capital.**

London, Oct. 4.—The London morning papers are virtually engrossed by the parliamentary election. They have little to say about the new German note. The Daily News, which describes it as "clear, straightforward and manly," expresses a hope that all the European powers and also the United States will agree with Emperor William's latest proposal. The British correspondents in China continue to complain of the weak attitude displayed by Great Britain and the United States, as well as the other powers, in withdrawing from Peking and in displaying generally a yielding mood. The Morning Post's correspondent at Taku asserts that the persecution of Christians has been revived in the province of Shan Tung. It is reported from Chinese sources that the imperial court has already been removed to Si Ngan Pu.

A despatch to the Daily Express from Hongkong reports a serious rising of "Triads" in Canton, and the country to the south is said to be in a ferment. The Hongkong correspondent of the Times, writing Wednesday, says: "A thousand braves have left Canton to suppress a rebellion instigated by 'Triads' at Wai Cau, in the Su Non district. There is grave unrest in the two Kwang provinces, and precautions have been taken at Kowloon."

Peking, Sept. 30, via Tien Tsin, Oct. 2, via Shanghai, Oct. 4.—The withdrawal of the United States force from Peking will begin next Wednesday, October 3. The marines, Major William Biddle commanding, will march to Tien Tsin, and the 14th Infantry Regiment will follow them closely. The United States garrisons at Ho Si Wu and Pei Tsang will also be withdrawn. Most of the allied generals are opposed to the campaign of revenge, which it is supposed the Germans have in view. The Germans are planning a movement to capture the Tung Chow to capture the arsenal.

The Russian and Belgian ministers arrived here on October 1. The German minister remains here. About 1,800 United States troops are to stay in north China. The missionaries will probably petition Washington to increase this number. The public telegraph between Peking and Taku has been completed.

Washington, Oct. 4.—Proposals of a far-reaching character concerning China are being presented in rapid succession to this government. The state department has no power to dispose of the German proposal than it was confronted by an even more important proposition, submitted by the French government, and within half an hour, formally seconded by the Russian government. The answer to Germany covered the subject of punishing Chinese offenders and made known that the United States had instructed Minister Conger along the lines suggested by Germany. These instructions look towards securing the names of persons deserving chastisement, also whether the punishment accord with the gravity of the crimes committed, and finally, in the case of the United States, and the other powers are to be assured that satisfactory punishment is indicated. Aside from these specific purposes, the note is regarded as important, chiefly establishing the most satisfactory relations between the governments at Washington and Berlin. The Franco-Russian proposal notices a much broader scope, and submits a programme under which the negotiations for a complete settlement can be carried forward. The French charge, M. Thiebaut, handed the proposition to Secretary Hay to-day, and held a brief conference concerning it. Half an hour later, Mr. De Vost, the Russian charge, arrived at the state department, and handed to Mr. Hay a note expressing Russian approval of the propositions just submitted by France. Mr. Hay gave no formal answer to the communication, as they must go first to the President, at Canton.

The Franco-Russian proposition is under four heads, namely:

1. Punishment of the guilty parties.
2. Interdiction of the shipment of arms into China.
3. Permanent indemnity to the powers.
4. Sufficient guarantee for the United States.

In addition, a suggestion is made for the establishment of a permanent legation guard at Peking; for the razing of the Taku forts, and for the maintenance of a line of communication between Peking and the sea.

The impression here in advance of action on these propositions by the United States is that they contain nothing essentially unifying them for consideration in a final settlement. The difficulty which is likely to arise lies in the placing of proper limitations upon the scope of each head. This is particularly true of the subject of guarantees and indemnity. But there appears to be good reason to expect that a middle ground will be reached by confining the interdiction of arms to a specified period, possibly to be fixed by the time required by China within which to pay the indemnity.

## A Second German Note

It is issued as a result of Chinese Edict Punishing Officials.

Morrison Points Out Difficulty of Having Earl Li as Plenipotentiary.

Berlin, Oct. 4.—An official of the foreign office informs the correspondent of the Associated Press that Germany has issued a second note to the powers regarding the method of securing punishment for those guilty of outrage in China. This note is issued as a result of the edict of the Emperor of China beginning proceedings against Prince Tuan and others. The new German official note is as follows:

"The Emperor of China has addressed to the powers an edict, dated September 25, in which he orders the punishment of a number of princes and dignitaries, mentioned by name, for having encouraged the Boxers. On the assumption that the edict is genuine, the German government, in furtherance of the procedure proposed in its circular note to the powers to come to an agreement to instruct the diplomatic representatives in China to examine and give their opinion on the following points: First—Whether the list contained in the edict of persons to be punished is sufficient and correct. Second—Whether the punishments proposed are adequate. Third—In what way the powers can control the carrying out of the penalties imposed. The information received up to the present concerning the reception of this proposal by the powers justifies the belief that a general understanding of this matter may be looked for."

London, Oct. 4.—Dr. Morrison, writing to the Times from Peking, under the date of September 26, says: "If negotiations for the settlement are carried on at Tien Tsin, Li Hung Chang, being the viceroy resident there, cannot be a plenipotentiary unless the foreign ministers are prepared to appear before him as supplicants for peace and not as dictators, for then action will be interpreted throughout the empire."

A special from Shanghai, under the date of Wednesday, October 3, says the Chinese report that 2,000 Boxers attacked two battalions of Germans at Kau Kuang, near Peking. The Boxers, it is added, lost 400 men, and the Germans 5. The latter are now said to be burning the Boxers' villages around Peking.

PEACE CONGRESS.  
The International Body Objects to Missionaries Being Backed Up by Military Force.

New York, Oct. 4.—The international congress of peace now being held in Paris has adopted several resolutions concerning the policy in China, says a cablegram to the Times.

The congress resolved that the action of the missionaries was often intolerant; that their religious propaganda should not be backed up by diplomatic or military force; that they should go into China at their own risks and perils; that Europe should abandon any religious protectorate in China; that forcible annexation of territory, especially that held sacred by the Chinese, should cease; that the powers should attempt to establish a stable native government, capable of undertaking internal reforms; and that the "open door" for the honest commerce of the world on equal terms was the only policy which gave any guarantee for the country's future peace and stability.

HART'S SMART WORK.  
He Has Made Many Captures With Very Little Loss.

London, Oct. 4.—Lord Roberts has wired as follows to the war office: "Hart returned to Krugersdorp on October 1. He has been 33 days from his base, marched 310 miles, was in contact with the enemy 29 days, killed an unknown number, and captured 96. The British loss is 3 killed, 3 prisoners, and 24 wounded. "Hart brought back 2,720 head of cattle and 3,281 sheep."

Ottawa, Oct. 4.—The following cablegram was received here to-day:

"London, Oct. 4.—The transport Idaho left Capetown on October 1 for Halifax, with 18 officers and 418 men of the Canadian regiment of infantry; due at St. Helena, October 6; St. Vincent, October 14; and Halifax, October 25. (Signed) Chamberlain."

## Conservatives Have Gained

They Have More Than Held Their Own in British Elections.

Dr. Conan Doyle is One of the Defeated Conservative Candidates.

London, Oct. 5.—(4 a. m.)—In the parliamentary elections at midnight returns received showed the total number of those elected to be 397, with the relative strength of the parties as follows:

MINISTERIALISTS, 280.  
LIBERALS, including Laborites, 72  
NATIONALISTS, 45.

The Conservatives have gained altogether 21 seats, and the Liberals 14.

The following was the polling for East Birmingham: Sir Benjamin Stone, Conservative, 4,989; J. V. Stevens, Liberal, 2,855.

In the Scotland division of Liverpool, Mr. T. P. O'Connor, who has represented the constituency since 1885, was re-elected. The polling was as follows: Thomas P. O'Connor, Irish Nationalist, 2,041; J. Rutherford, Conservative, 1,844. In the other Liverpool boroughs the Conservatives gained largely.

In the Central division of Leeds, the result was: G. W. Balfour, Conservative, 4,144; Sir S. Montague, Liberal, 3,092.

The Conservatives have gained a seat in the east division of Leeds, as follows: H. S. Caudley, Conservative, 3,455; J. Rochford, Liberal, 1,586; W. P. Byles, Labor, 1,206.

Another Conservative gain has been made at Burnley, where Sir Philip Stanhope has been defeated by Mr. Mitchell, Conservative, 6,773; Sir Philip Stanhope, Liberal, 6,173. At Huddersfield, the Conservatives carried the seat, receiving 6,568 votes, as against 5,944 for Mr. Enoch Edwards, Liberal.

The Liberals hold Whitechapel, where one of the closest of the London contests has been fought. Mr. S. M. Samuel received 1,679 votes, against 1,608 cast for his Conservative opponent, Mr. D. H. Kyd.

In the East London boroughs the Conservatives heavily increased their vote, gaining seats at Stepney and Hoxton. In the former borough Major Gordon received 2,783 votes, against 1,718 cast for the Liberal candidate, Mr. W. S. Stedman, secretary of the Large Employers' Union in Hoxton. Mr. H. C. H. Conservative, received 2,866 votes, as against 2,595 cast for his Liberal opponent, Prof. Jas. Stewart.

In West Southwark, Sir A. J. Newton, Lord Mayor of London, was defeated by Richard J. Knight, Liberal, 2,593; Sir A. J. Newton, Conservative, 2,363. The Ministerialists have gained two seats in Glasgow, the Blackfriars and Bridgeton divisions. In the former, Mr. A. Bonarlaw received 4,140 votes, against 3,140 cast for his Liberal opponent, Mr. A. D. Provand, and in the latter, Mr. C. Stewart, Conservative, received 5,041 votes, as against 4,041 cast for the Liberal candidate, Prof. Morrison.

At Portsmouth, the Conservatives have also gained two seats, the holding being as follows: M. L. Magendie, Conservative, 10,818; R. Lucas, Conservative, 10,833; A. Bramson, Liberal, 10,214; Sir John Baker, Liberal, 9,051.

In Bethnal Green, London, Mr. S. F. Hilday, Conservative, defeated by 748 votes Mr. Edward H. Pickersill, Liberal, who had represented the division since 1885. In the Central division of Edinburgh, Dr. A. Conan Doyle, Conservative, was defeated by Mr. G. M. Brown, Liberal, who received 3,428 votes, as against 2,459 cast for Dr. Doyle.

In Haggerston, London, Mr. W. R. Crenner, Liberal, carried the election, receiving 2,794 votes, as against 2,267 cast for his Conservative opponent, John Lowles.

In a close-poll a Liberal and a Conservative were elected, the polling in this double-barrelled borough being as follows: Sir Joseph Leigh, Liberal, 5,698; Beresford V. Melville, Conservative, 5,377; E. Green, Liberal, 5,200; Dr. Hillier, Conservative, 5,098.

In South Edinburgh the Conservatives carried at the election of 1895 by the Liberal-Unionists. In that contest their majority was 97. To-day Mr. Arthur Dewar, Liberal, who won the seat at the bye-election last year, was defeated by 111 votes. The polling was as follows: Sir A. N. Agnew, Liberal-Unionist, 5,769; Arthur Dewar, Liberal, 5,658.

In the double-barrelled borough of Southampton the Ministerialists captured one seat and held the other, the polling being as follows: Chamberlain, Conservative, 6,888; Sir J. B. Simon, Liberal-Unionist, 6,259; Sir Francis E. Evans, Liberal, 5,775; C. G. Hyde, Liberal, 4,652.

The Conservatives held Newcastle by an enormously increased majority, and Capt. Lambton, of the British cruiser Powerful, upon whom the Liberals had staked a crushing blow to the government, finds himself at the bottom of the poll.

Mr. James Lawrence Carew, Irish Nationalist, has been defeated in the contest in the College Green division of Dublin, which he represented in last parliament. The opposition has been growing out of the fact that he attended a levee of the Duke of York. Mr. Carew's friends seized upon the opportunity of the late Charles Stewart Parnell, brother of the late Charles Stewart Parnell, losing his seat at South Meath to put Mr. Carew forward without his Liberal label for South Meath. Owing to a technicality he was elected without opposition.

Mr. Carew may now reconsider his offer to resign South Meath in favor of Mr. Parnell.

The Conservatives suffered defeat in the Stewarts Green division of Dublin in the polling being as follows: McCann, Independent Nationalist, 3,331; Campbell, Conservative, 2,853.

The Conservatives have captured another seat, Sunderland, from the Liberals.

For more than fifty years the famous J. & W. White has been the standard brand of the world.

## Still Another Sound Steamer

The Utopia Has Been Added to  
the Victoria-Sound Fleet  
—Cheap Fares.

R. M. S. Miowera Completes An-  
other Passage From the  
Antipodes.

Dodwell & Co. have arranged, commencing to-day, for a double daily steamship connection between Victoria and Puget Sound ports. Their palatial steamer Utopia will continue on her present morning schedule, arriving at the inner wharf at 5 a.m. daily, except Mondays, and leaving for the Sound at 8:30 a.m. In order to better accommodate the heavy freights at present offering, the steamer Utopia has been secured and will run opposite to the Victorian—that is, on the evening schedule—arriving here at 3:30 p.m., and leaving again at 8 p.m. The Utopia has recently been overhauled, and although much slower than the Victorian, will no doubt obtain a good share of the passenger business, although intended principally for freighting. Capt. Oliver, well known here as a careful and capable navigator, will be in command of the Utopia, resuming therefore the position of pilot on the Victorian.

The Utopia will leave Seattle at 8 a.m. to-day on her first trip, and the exceptionally low rate of passage of 50 cents will be charged from Victoria to Port Townsend or Seattle. Berths will be sold at 50 cents each, as formerly, and meals at 50 cents each, thus affording to everyone a first-class opportunity of visiting the busy cities on Puget Sound.

### MIOWERA ARRIVES.

Some Notable Passengers on the Canadian-Australian Liner—A New Pursuer.

R. M. S. Miowera arrived at the outer wharf yesterday morning from Sydney via Brisbane and Honolulu. She had among her passengers Lady Mary Lygon, sister of Lord Beauchamp, the governor of New South Wales, who, in company with Lady Bertha Wilbraham, is en route to London after an extended visit to her brother, the Victorian governor. There were 62 saloon passengers in all, the list being given in another column. Pursuer H. Bellmaine, who has relieved Mr. Young as pursuer of the Miowera, gives the following report of the trip: Left Sydney on September 10, and arrived at Brisbane on September 14; left Brisbane on the 14th; passed Bligh Island (Banks group) on the 17th, and Utopia Island on the 18th. Experienced light to fresh trades and fine weather, and arrived at Honolulu on the 20th; left Honolulu on the same day, and arrived at Victoria on the 21st. The ship had on board the American ship Standard; here to on the port tack. Fresh trades and moderate to rough seas were experienced to the 41st degree of latitude; there a strong N. W. gale, with very heavy rain, squalls and high seas were encountered, moderating to fine weather on arrival of Cape Flattery.

The Miowera brought an average cargo, the greater part consigned to through points. After landing her freight for Victoria merchants, she passed on up to Vancouver.

The steamer has just been overhauled and improved, her cabin accommodation being increased. The other steamers of the line are also being overhauled and improved.

### SALVING THE CUTCH.

Capt. Mellon Expects to Raise Her and Bring Her Down Under Her Own Steam.

In an interview given to the Juneau Dispatch of September 22, Capt. Mellon says he thinks the Cutch can be saved. A driver will try to close the rents in the ship's bottom with wood and cement. Then a big eight-inch centrifugal pump from the Trendwells mines will be put in operation. Before this is started, however, the after hold will be filled with empty casks. When the tide is highest she will be floated and taken to Douglas Island for temporary repairs, which should enable her to come south under her own steam.

Steamer Jennie has been wrecked. She ran ashore during a dense fog on Sunday last, two miles south of Point Arena lighthouse. She was en route from San Francisco to Port Angeles to load freight for Alaskan whalers. The rudder-post broke off when the vessel went ashore, but no other damage was apparent, and the steamer was making no water. Efforts are being made to save the vessel.

The steamer Hiojun Maru, of the Nippon Yusen Kaisha line, will sail for Hongkong and way ports on the 10th inst.

D. G. S. Quadra has gone on a cruise as far as Milbank Sound. The Quadra will take up the new lightkeepers recently appointed to the important light stations at Cape Gable, Brangone, Ivory Island, Messrs. Scarlet and Forsyth, respectively. Mr. Thompson has resigned his position at Ivory Island, and with his wife will return on the Quadra. Capt. Egenes has reached San Francisco to rejoin his vessel when she arrives there with coal from Ladysmith on this trip. He returns from a visit to Norway, bringing his wife and child. Accompanying the family from the old country was Miss Gust Davidson, who made the long journey to become the bride of Capt. Gable, who has been acting master of the Titania during Capt. Egenes' absence.

The French bark Molliere, which has arrived at San Francisco from Swansea, after a passage of 146 days, with a cargo of 2,580 tons of coal, reports having spoken the French bark Bretagne, from Antwerp for San Francisco, on July 16, in Lat. 55 deg. 48 min. S., Long. 73 deg. 46 min. W. The Bretagne is out 180 days, and re-insurance of 15 per cent. is already quoted upon her.

### LOST THE SALMON.

Dirigo Misses a Scow Load of Eight Thousand Cases of Salmon.

The Skagway News of September 29 says that when the steamer Dirigo was on her way south on her last voyage, she called at Union Bay to load a cargo of canned salmon. A scow had been loaded with 8,000 cases, and the Dirigo undertook to tow it from the cannery to the wharf, where it was to be loaded on the vessel. Either the Dirigo forged

ahead too fast, or the scow was too heavily laden, but at any rate the 8,000 cases are at the bottom of the bay.

### MARINE NOTES.

Steamer Jennie Wrecked—She Goes Ashore Near Point Arenas.

The Tautonic arrived at New York on Wednesday. Three of the crew of the schooner Okanagan, shipped here when she took coal from Ladysmith a short time ago for Hilo, have been arrested at that port, charged with the murder of a Chinaman, Keyser, Alex. Reinhardt, and Charles Anderson.

### GRAND FORKS SMELTER.

General Manager Graves Is Pleased With the Results of the Matte Shipments.

Gray P. Graves, general manager of the Grand Forks smelter, returned from Spokane on Monday night, says the Grand Forks Gazette of Sept. 20. Interviewed by a local reporter, he said: "We have received the returns of the first shipments of matte consigned to a New York refinery and we consider them very satisfactory. The matte averages from 45 to 50 per cent. copper, with subsidiary values in gold and silver. The shipment exceeded twenty-four tons, but next consignment will be much larger. We are now raising matte in the open air. As soon as this process is completed the matte will be run through the furnace, thus bringing a percentage of value to a higher figure. The smelter with one furnace working is treating an average of 300 tons of ore every twenty-four hours. On the last prox. Then we will treat 600 tons per day. This is 100 tons per day in excess of the capacity of the furnace. The increasing output is due to the fact that the Knox Hill and Old Ironstone ores do not require the addition of lime rock. It is the intention of the company to erect a converter next year, thus enabling us to ship metallic copper. The matte will ultimately have its own refinery."

### THEATRICAL

William H. West has conceived an entirely new idea for the minstrel which he is this season making one of the features of his show, which appears at the Victoria theatre this evening. Instead of the ordinary street parade, Mr. West has introduced one representing the outlay of many hundreds of dollars in equipment. It is headed by the famous "Big Top" band, which is the most costly and magnificent band ever manufactured by the Studebaker company, the cart requiring in its manufacture eighteen months, made from designs original with Mr. West, and costing over twelve hundred dollars. Mr. West, who, by the way, is an expert whip driver, has superb thoroughbreds. All the members of the company, including a band, are uniformed in stylish gowns, giving to the entire display a neat and natty appearance, characteristic of the West's minstrels. The parade will leave the theatre promptly at noon.

The fame of Ferris Hartman, the popular comedian of the Tivoli opera house, of San Francisco, and the big comic opera company of that theatre, are known all over the United States, and the announcement that the "prince of the stage," together with the Tivoli Opera Company, are to appear at the Victoria theatre Saturday night, in the great musical farce comedy, "Ship-Ahoy!" proves the progressiveness of the local management. Hartman is one of the fixed attractions in San Francisco, where he has been playing for the past seven years, for the reason that his legion of admirers will not let him go away, and but for the reason that grand opera is now running at the Tivoli, Hartman and the comic opera company would not be "on the road." "Ship-Ahoy!" is one of the brightest and most amusing comedies ever written, and it has a big record of crowded houses. Hartman is a host in himself, and he is surrounded by a superb organization.

### ROUTING WELCOME.

Woodbridge, Oct. 4.—Private Thos. G. Wallace, son of Clarke Wallace, was welcomed home from South Africa this evening by his fellow-townsmen and by many hundred residents of the neighboring portions of the county. Prominent among those who went out from Toronto was Mr. J. H. Campbell, his father's opponent in East York. There was enthusiasm and much speech-making.

### TELEGRAPHIC BRIEFS.

Two men held up the Kansas City passenger train of the Burlington railway three miles south of Council Bluffs on Wednesday night. One man guarded the train while the other threw down the cash. Express Messenger Baxter shot the robber who was on guard; the other robber escaped. In all, 2,300 bodies have been recovered at Galveston since the storm. Negotiations between the five Yacul Indian emissaries and President Diaz for the settlement of hostilities now existing between the Yaculs and the Mexican government have failed to accomplish anything. The steamer City of Seattle, which arrived on the Sound, ten days from Nome, announces another outbreak of smallpox at Nome. Steamer City of Seattle has arrived from Skagway, with \$150,000 in gold, from Klondike. At a meeting of the general board of the Methodist Mission Society at Toronto yesterday, it was reported that the receipts for the year were \$275,480.25, an increase of \$9,500.05.

### THE FARMER AND HIS VOTE.

I'm the happy farmer, I'm in my highest gear; Every man who makes a speech Is talking straight to me; He's in a regular pet; Politicians all seemed scared For fear I'll get in debt. I'm not wearing headcloth, I've no horseless rig; Just the same, at present I am feeling mighty big. It kind of puts a person In a satisfying mood To find that he's the object Of so much solicitude.

### AN OUTSIDE VIEW.

Minneapolis Newspaper On the Future of the Boers.

From Minneapolis Journal.

The occupation of Komatiport by the British troops yesterday, effectively closes to the Boers the door through which they have been for the year past obtaining the sinews of war with which to fight the British. The British generals are capturing the remaining Boer camps and stored supplies and guns. If there is to be guerrilla warfare it is not likely to last very long. The Irish and other foreign troops, who assisted the Boers through the war, have gone to the Marquet, where they will ship for home, and the flight of Mr. Kruger, who was a very positive "last ditch" man, has been trying to brace up for guerrilla warfare.

The most bitter of the Boers and the most anti-foreign element, is that known as the Tak Haar, the most amiable and shiftless and unprogressive, narrow-minded and bigoted. There are Boers and Boers, and in the new order of things which Great Britain will introduce, the latter element will gradually disappear through the working of the laws of nature and of society. The Free State Boer is far in advance of the average Transvaal Boer in the quality and volume of his civilization, because he has been in closer touch with Capetown and the Cape Colony.

The absorption of the two Dutch republics by Great Britain dissipates the vision of an African Dutch republic, including all South Africa northward to the Congo state. The territory acquired will fill up the course of time with a progressive, accomplishing people composed of English, Saxon, Celtic, Teutonic and Dutch element, under free institutions and liberal ideas which obtain in Australia, New Zealand and elsewhere under the British flag.

The Boers have made a very heroic fight, but they will get the genuine liberty they want as ultimate autonomous dependencies of the British crown. The Krugerism, under which the Transvaalers lived, was a reactionary and bigoted ideology, intent upon their own advantage. Kruger himself has been proven to be the most persistent foe of them all. He retires rich, to Holland, leaving his unfortunate countrymen to shift for themselves.

### AN EXHIBITION AT VICTORIA.

Mr. Helmcken, M.P.P., has acted wisely  
in interesting himself in an exhibition  
to be held in this city next year. By the  
way, next year is the beginning of a new  
century. Why may we not have a  
Twentieth Century Exposition?

The subject is one of very great inter-  
est. We suggest that a special effort  
should be made to have an exposition of  
the resources and products of Vancouver  
Island and the whole Coast region of  
British Columbia, that is, of the area  
that is directly tributary to the trade of  
this city, and upon the development of  
which we count so hopefully. We have  
in mind something more than a display of  
farm produce, live stock and manufac-  
tures. We would like to see something  
that will be truly representative of West-  
ern British Columbia as it is, and as we  
all hope it will become. Indeed, there is  
no good reason why the whole province  
may not be embraced in any plan that  
may be formed.

Time and money will both be necessary  
to carry out what ought to be done, but  
the people of Victoria have enterprise  
enough for the occasion, if they can be  
made to see that it will be advantageous  
in a business way. This, we freely con-  
cede, is the essential prerequisite. We  
do not advocate an exhibition simply as  
a pleasure occasion. We want one that  
will pay both directly and indirectly.

It is not necessary to go into any par-  
ticulars on the subject now. A public  
meeting is to be held next week, and the  
subject can then be thrashed out to some  
extent. Many things have to be consid-  
ered, and all we aim at to-day is to stim-  
ulate public thought in this connection.

### THE VOTERS' LISTS.

Upon what list will the federal elec-  
tions be held, provided they take place  
during 1899? We refer now to this  
province only. The Franchise Act of  
1898 says:

"The voters' lists shall be those pre-  
pared for the several polling divisions es-  
tablished and which on the sixtieth day  
next preceding the day fixed for the  
nomination of candidates for such Do-  
minion election were in force or were  
last in force under the laws of that  
province for the purpose of provincial  
elections."

The circular issued by the Queen's  
Printer says that the lists to be used are  
those that were in force on the sixtieth  
day before the elections, thus ignoring  
the latter part of the section. In this  
province the voters' lists will be revised  
on November 5th, and after that date  
the only lists in force will be those then  
made up. Suppose the election is held  
on November 5th or some previous day.  
Manifestly in such a case the list pre-  
pared on November 5th could not be used,  
and that in force sixty days before  
would have to be taken. But suppose  
the election is held after November 5th,  
what then? The list last in force will  
be that prepared on November 5th.

We do not think the case is free from doubt,  
and what interpretation of the section  
prevails will be a matter of considerable  
importance, probably as much to one  
party as to another. It will have special  
force in Vancouver. The old list in that  
city has been cancelled, although re-  
maining in force until a new one is pre-  
pared. The new list will be made up on  
November 5th. Will the vote in Van-  
couver be upon that list, or will it be  
upon a list so full of errors that the  
government has felt called upon to cancel  
it?

### AS TO AGUINALDO.

The United States papers refer to  
Aguinaldo, the Filipino leader, as a  
fiend. His fiendishness consists in his  
persistent refusal to allow the United  
States forces to defeat him, and a habit  
he has of killing those who attack him.

This is very wicked of Aguinaldo. What  
business has he to entertain the opinion  
that the land of his birth ought of right  
to be free and independent? George  
Washington entertained similar views  
about the thirteen rebel colonies during  
the last quarter of last century, but he  
seems to be regarded as entitled to  
monopoly of the Father-of-his-country  
business. The Republican party of the  
United States, with its customary fond-  
ness for trusts, has established a trust in  
patriotism, and Aguinaldo cannot be per-  
mitted to put any of his variety on the  
market.

From our somewhat disinterested point  
of view, although, perhaps, we look at  
things through glasses colored with An-  
glo-Saxon prejudice, Aguinaldo is making  
a very serious mistake. He is sure to  
be whipped in the end, and his wisest  
course would be to give in now and trust  
to getting a good contract from his con-  
querors, whereby to replenish his de-  
pleted exchequer. But he does not look  
at things in that light. He cherishes a  
notion that it is a patriotic thing to fight  
the enemies of what he is foolish enough  
to regard as his country, forgetful of  
the fact that President McKinley  
bought the good-will of the Spanish side  
of the rebellion for \$20,000,000. A man  
who entertains such utterly indefensible  
notions must be a fiend, seeing that he is  
neither a South African Dutchman nor a  
United States citizen.

Aguinaldo is a much more heroic figure  
than Paul Kruger, and yet our friends  
across the border have never called the  
latter a fiend. When Joubert died, the  
British press, without exception, ex-  
pressed its high appreciation of his courage  
and devotion to what he considered to  
be his duty. Dewet has given us a lot  
of trouble, but none of us have suggested  
that he is a fiend. Aguinaldo has less  
personal inducement to prolong his strug-  
gle than any of the Boer generals had.  
There might have been a pot of money in  
it for the latter, if they could tire the  
British government out so as to secure  
favorable terms of surrender. But the  
Filipino leader cannot hope for wealth.  
All he can expect is to enable his coun-  
trymen to govern themselves. He may  
be very unwise in this; but he is cer-  
tainly not fiendish.

### THE FINNS.

If a formal application is made to the  
government to facilitate the colonization  
of a portion of this province by those  
Finns, who have been driven out of  
their native country by the bad faith of  
the Russian government, we hope it will  
be seriously entertained. The Finns are  
excellent people. They understand the  
principles of self-government and would  
make first-class citizens of a country in  
which the principles of self-government  
are as thoroughly understood as they are  
in Canada. British Columbia can offer  
them good facilities for settlement—that  
is, there is plenty of land belonging to  
the Crown in the province that will serve  
as a site for a large colony. The first  
thing to be considered is what the pro-  
posed colonists will expect. If they only  
ask for land, we would be in favor of  
giving it to them on proper conditions as  
to improvement, and we would extend  
this concession to every one. Unim-  
proved land is of no present value, but  
put a man on a homestead, and it be-  
comes a contributor to the revenue and  
a new industrial and commercial factor  
in the community.

It is, of course, useless to discuss the  
matter at any length until we know defi-  
nitely what is proposed. We suggest  
that in the event of any large colony de-  
siring to make their home in this pro-  
vince, the country east of Kitimaat Arm,  
recently described in the Colonist, would  
furnish an excellent location. There is  
a great deal of good land there. The  
climate is favorable. It is, or can read-  
ily be made, easy of access, and the exis-  
tence of mineral deposits in the vicinity  
will secure a good local market for pro-  
duce and a demand for labor.

Does any one know how many Victo-  
ria boys are coming home from South  
Africa on the Idaho? When this is  
known, it will be in order to arrange  
some sort of a reception, in which those  
already here can take part.

We find in a Tacoma paper a reference  
to what the government of Montreal  
proposes to do for the Yukon. It occurs  
to the Colonist that, when a person writ-  
ing on Canadian affairs is so ignorant as  
the expression quoted implies, his views  
are not worthy of very serious consid-  
eration.

Mr. Edgar Dewdney has been nomi-  
nated by the Conservatives of the New  
Westminster district. Mr. Dewdney is  
very closely identified with the develop-  
ment of British Columbia. He is repre-  
sentative of the new British Columbia  
about which we all talk so much. His  
presence in the House of Commons  
would be distinctly advantageous to the  
province.

A despatch to the Seattle Times says  
that international complications are ex-  
pected because it has been ascertained  
that the International Boundary line in  
the neighborhood of Mount Baker is fur-  
ther south than the people living there  
supposed. This is needless exaggeration.  
The boundary can be demonstrated with  
absolute accuracy. A competent survey-  
or can show where it is in a very short  
time, and if people on the ground can-  
not wait until it has been determined,  
they will have to take the consequences.  
The two governments will settle the  
thing in a minute, when they learn that  
any uncertainty exists.

The population of the Eastern United  
States cities of the medium size has in-  
creased during the last decade more rap-  
idly than that of corresponding cities in  
the West, and it is explained on the  
hypothesis that people are returning  
from the West. The Newcastle, N.B.,

Advocate declines to accept this explana-  
tion, and says that the growth of the  
New England cities is due to the exodus  
of people from the Maritime Provinces.  
Singularly enough, for the first time  
this exodus is not attributed to anything  
which a government has done or left un-  
done, but to the unwillingness of people  
of means to invest their money in labor-  
employing industries. Consequently the  
young people must go away to seek em-  
ployment. It will be interesting to learn,  
as we soon will, whether, in point of fact,  
there is as great an exodus from the  
Maritime Provinces as ever. We have  
before us another New Brunswick paper,  
which claims, as one of the good results  
of Liberal rule, that the movement of the  
young people to the United States has  
been checked. We know that a very con-  
siderable number of Eastern Canadians  
have come to this province, and if the  
movement to the South is unabated, the  
census next year ought to show a very  
small increase in Nova Scotia, New  
Brunswick and Prince Edward Island.

The Times expresses doubt whether  
what appear to be weaknesses in the  
working of the American system of gov-  
ernment are due to inherent defects in  
the system or to the character of the  
people. We are inclined to think that  
the institutions are at fault. The Con-  
stitution of the United States is an ad-  
mirable document, and the lynchings and  
other outrages referred to by the Times  
are not due to any weakness there. The  
trouble is to be sought in the state in-  
stitutions, and, we venture to think, chiefly  
in the low estimate placed upon the  
judicial office. Over in Seattle it became  
so useless to think of securing adequate  
punishment for murder, that some years  
ago the people hanged three murderers,  
and the effect was salutary for a time.  
But although outrages have been com-  
mitted in that city during the last decade  
by the score, not a man has been hanged.  
There were in the Seattle gaol at one  
time twelve men who had been found  
guilty of murder. There never has been  
a man legally executed in that city for  
murder, although the law prescribes  
death as the penalty. The fault rests  
with the judiciary in part, for the judges  
seem anxious to discover means whereby  
murderers can escape the extreme opera-  
tion of the law, and in part, and we  
think principally, to the constitutional  
provisions that judges may not express  
opinions to juries on matters of fact.  
This provision is indicative of lack of  
confidence in the judiciary. The result  
of it is that a judge must sit on the  
bench and see juries misled by the most  
villainous fallacies. A few years ago a  
white man met a negro in a bar-room.  
They had a drink together. The white  
man called the negro a foul name, and  
the negro retaliated by saying that the  
other was a liar. The white man there-  
upon shot him dead. He was found not  
guilty of any crime whatever, and after-  
wards went so far as to say that he  
would serve a newspaper man as he had  
served the negro, because the newspaper  
man said he ought to have been hanged.  
Why was he found not guilty? Because  
the counsel on both sides treated the  
murder of a negro as a matter of no  
great concern, and the judge was power-  
less to set the case right before the jury.  
Indeed, he might have hesitated to do  
so, as an election for the judicial office  
was in sight. This is the sort of thing  
that produces the effects complained of  
by the Times. By far the greater part  
of the population regard such outrages  
with as much abhorrence as they are  
regarded here. But the majority of the  
people do not take an active interest in  
politics except on election day.

### PRESS COMMENT.

#### SPENDTHRIFTS.

From Mail and Empire.  
"A Canadian export of Great Britain in  
1900 increased \$12,330,000. The preten-  
dant tariff is doing much to improve and  
increase our trade with Great Britain." So  
says one of the government papers. The  
sum mentioned is just the amount by which  
the public expenditures have increased.  
They have spent the money just as fast as  
the people have earned it.

#### HIS SHORT MEMORY.

From Nelson Miner.  
"We never promised free trade," said  
Sir Wilfrid Laurier in his Somers Park  
speech a few nights ago. "Five years ago  
I declared that free trade was a principle  
to be aimed at, but it was impossible to  
adopt it." For what Sir Wilfrid said five  
years ago it will be better to take the re-  
cords. At a speech at Winnipeg, according  
to the revised and authorized report as  
published in the Toronto Globe, the chief  
organ of the party, he said: "And now  
I will ask you, what is the policy of the  
Liberal party? I refer to freedom of trade  
such as exists in England, freedom of  
trade as it is practiced in Great Britain,  
freedom of trade as it was in vogue at the  
time of Cobden and Bright. We shall give  
you free trade, and although it will give  
you death, we shall give it in one inch  
or retract one step until we have reached  
the goal, and that goal is the same policy  
of free trade as it exists in England to-  
day."

#### LIBERAL CAMPAIGN METHODS.

From Toronto Telegram.  
Not a few of the leaders of the Liberal  
party are making themselves ridiculous by  
their methods of meeting the charges of  
their antagonists. A broad countenance and a tone of  
injured innocence are the choice of weapons  
of Sir Wilfrid Laurier and his colleagues  
in the election campaign, as not infre-  
quently they were in the case of the  
Dominion parliament. The Canadian elec-  
torate is not at all likely to be misled  
by these efforts to place the Opposition on  
the defensive while the Government seeks  
cover behind "How can you" appeals to  
conservative leaders.  
Careful admission of a fault will never  
rank as a virtue of the Liberal ministers  
to-day. Straightforward defence is also a  
method which finds few followers in the  
adherents of the new Liberalism.  
Liberal leaders are meeting the charges  
of the enemy of this campaign on the in-  
jured innocence plan and the tactics are  
anything but a tribute to a government  
which professes confidence in its policy and  
belief in the wisdom of its public acts.

## A Hint to Stylish Men.

THE Tailor-made Overcoat is a luxury of the

well-dressed men about town that there is some-  
thing lacking in the custom made-to-order garment.

It has not that style and finish found in the  
coat from the Fit-Reform Wardrobe, the demand  
for which has steadily increased every season.

### THE EXHIBITION BUILDINGS

An Interesting Question Which Will Come Up at Tuesday Evening's Meeting.

The meeting of citizens called by Mayor Hayward at the city hall on Tuesday evening next, for the purpose of discussing the advisability of holding an agricultural exhibition here next year, is likely to prove very interesting. A great many people are of the opinion that should the question be decided in the affirmative, it will be necessary to seriously consider where the exhibition will be held, the use of the agricultural buildings at Oak Bay being in many respects highly objectionable.

First of all, the buildings are too far removed from the city. Then, again, the tramway company has torn up its tracks from the Jubilee hospital to the exhibition grounds, and it is not at all probable that they would relay the track on that portion in order to provide car accommodation for but one exhibition.

Mayor Hayward is among those who consider the location of the present buildings as very unsuitable. A great mistake was made in putting the buildings where they are, and there is very grave doubt if any exhibition held there could be made to pay.

If the old buildings are not to be utilized, what then? The market building and yards could be arranged to furnish adequate accommodation for the exhibits, but the question of utilizing them for the purpose seems out of the question, owing to the fact that there are no attractive surroundings for visitors.

The location of the old agricultural buildings at Beacon Hill is an ideal one. Its proximity to the park makes it a charming resort for visitors. Many hold the opinion that if it shall be decided to hold an exhibition here, eventually, it would pay to dispose of the buildings at Oak Bay and erect new ones at Beacon Hill.

Just arrived, a very large consignment of the latest designs in Monuments at Stewart's, corner of Yates and Blanchard streets.

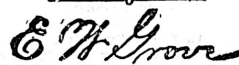

### FINNISH JOURNALIST HERE.

May Arrange to Bring Out Large Number of His Countrymen.

M. Kurrikki, a Finnish journalist, is in the city on a rather important mission. He represents a large number of his countrymen, who are desirous of removing to a country where they will be free from Russian control, and is here with the object of interviewing the government as to what can be done looking to their location in this province.

Mr. Kurrikki has been to Queensland, Australia, looking into the adaptability of that country as a home for the Finns, but he was very much disappointed in what he saw there, and will report adversely to his people. Several had already gone there, but found things very unsatisfactory. Wages were low in the extreme, and they found it difficult at times to obtain the ordinary necessities of life.

Should his interview with the government prove satisfactory, a suitable locality will be chosen and arrangements made for the emigration of large numbers of Finns here. Mr. Kurrikki was formerly editor of a labor paper in Finland and has always taken an active interest in the welfare of his countrymen.

**AUCTION SALES.**—All Advertisements for Auction Sales will be found on Page 8.

Chinatown Improvements.—Work has commenced on a new brick block for On King on the site of the "blocks" which were recently pulled down on Government street, between Cormorant and Fisgard.

Police Court.—In the police court yesterday two drunks were convicted and fined the usual sums. The Austrian who is charged with indecent assault on a little girl was given a preliminary hearing and remanded until to-day.

Big Carpet.—An immense green and terra cotta velvet pile carpet, specially woven for the mantle and millinery show room of the Westside, has just been laid by Messrs. Weiler Bros. It is one of the largest and handsomest carpets in the West.

Fireman Injured.—Fireman T. Hodges met with a painful accident on Tuesday which will compel him to absent himself from duty for a day or two. He was riding a bicycle at a rather rapid pace, when the machine collided with a vehicle, the rider sustaining a severe cut on the hand.

Reported Strike.—A report came from Nanaimo last evening that 40 of the Scotch miners who came out to work in the Union mines had gone out on strike, declaring that they could not make wages enough to live comfortably. Hon. James Dunsmuir, president of the company, had heard nothing last evening of the reported strike.

Scarcity of Houses.—One thing which tells more eloquently than columns of assertion that Victoria is in a highly prosperous condition is the fact that there are few or no empty houses in the city at present. Two years ago the houses for rent were numbered by the hundreds; now it is almost a matter of impossibility to secure a desirable residence.

Detectives' Cell.—The special cell for the confinement of Detectives Perdrie and Palmer at the city police station is about completed. The former may have some difficulty in getting in and out through the narrow door, but he will always have Detective Palmer with him to assist him, and once in, there is sufficient space to turn around without any great discomfort.

Lucky Victorians.—W. J. Stoddard, who, in company with H. McCandless, returned from Dawson two days ago, says that among the Victorians who made the richest strikes in the Klondike were Messrs. H. Roper and W. Wilson, whose claim on Cheechako hill recently changed hands, according to current talk in the Yukon, for \$21,000. They went in during the rush of '97, taking passage from here on the Islander. Ben Hastings, who was a sub-contractor for the stone work on the post office building, is working a claim on Bonanza. He is working hard, but has not much to show yet. He said, however, that he does not intend to return until his sack is a large one. M. and T. Wilson had a lay on Messrs. Roper and Wilson's property on Cheechako hill, and sank their earnings in claims on Bonanza. Mr. Stoddard did very well, for there was much demand for jewelry in the far North. He did not achieve as much success, though, in his mining ventures. He had interests on Eldorado, Bonanza, Hunker and Quartz, but although he spent much money in development, he did not take much out. He says that from what he could learn, he has reason to believe that the pay of the new found mines on Clear creek is not high.

You see? Air never gets at the tea after it is once packed. It is exposed for the first time in your pantry. That is why Hindi Ceylon Tea is so fragrant.

Important Auction To-day.—Wm. T. Hardaker will dispose of a fine lot of household furniture and effects, silverware, cutlery and a great variety of other articles at his salerooms, on Douglas street. The lots are numerous and the sale will commence sharp at 2 p.m.

"Boy Wanted"—There is an opening in the Colonist Lithographing Department for a boy with some rudimentary knowledge of drawing. Apply with samples of work, at the Colonist office.

## Politics In Hawaiian Isles

Miowera Brings Advice of Conventions of the Rival Parties.

Insane Stowaway Raves of Murderers He Committed in San Francisco.

R. M. S. Miowera, who arrived yesterday morning from Sydney, Brisbane and Honolulu, brought the appended budget of Hawaiian advice:

The Republican and Democratic parties each held their conventions on the 24th of September. Each party named a native Hawaiian for delegate to Washington, making it certain that all the candidates in the field for the position will be natives, as the Independents are sure to put up Robert W. Wilcox. The Republican nominee is the Hon. Samuel Parker, chairman of Hawaii's delegation to the national Republican convention at Philadelphia. The Democrats have put up Prince David Kawananakoa, who would have been in line for succession to the Hawaiian throne if the monarchy had lasted.

Both Parker and Prince David are widely known and very popular natives, and the campaign with them and Wilcox in the field promises to be an interesting one. Wilcox is an avowed Royalist, and an enemy of annexation, and has a large following of natives.

Political discussion here continues to contain many references to the dangers of the annexation campaign, of which Wilcox is the leader, and accepting the nomination offered him by the Republicans, Col. Parker made a statement indicating that President McKinley long ago foresaw the approach of such a campaign and expressed anxiety lest the Wilcox faction should get the reins of government in Hawaii.

The Republican convention adopted a platform endorsing the McKinley administration, and containing many planks dealing with measures of interest to the territory of Hawaii. The Nicaraguan canal and Pacific cable are earnestly advocated, as well as the improvement of public buildings that are badly needed. The party pledges itself to secure from the legislature a "liberal allowance for the use and benefit of Liliuokalani," and asks congress to change the provision in the territorial bill which prohibits all proceedings in the local language, so that Hawaiian may be used as well. One plank of the platform declares that the party will do all in its power to secure statehood for the new territory.

The split in the Republican party, between the factions known as missionary and anti-missionary, appears to have been healed by mutual compromises in the choice of legislative candidates, and the party is now in the field with a ticket which has the support of all its elements. There are now two tickets in the field for the legislative council, the one representing the Democratic and Republican, and the Independents will meet in a few days and name a third ticket.

James Hughes, of San Francisco, arrived at Honolulu on September 25, as a stowaway on the transport Thomas, and under suspicion of having committed murder in San Francisco. Hughes became a victim of delirium tremens when he was put to work, after being found on the steamer, and he raved about a murder, which he appeared to think he had helped to commit in Golden Gate park, about the middle of September, the victim of the crime being a man named O'Brien.

The officers of the transport became suspicious of their stowaway and put him in irons, and when he arrived at Honolulu he was turned over to the police. Hughes, on September 26, denied that he had had anything to do with the murder of which he raved while on the sea. He says he conducted a saloon with Al Conners at Eighth and Polson streets, San Francisco, and formerly had a grocery at Natoma street and Harrison court.

Chinese Reform Society members at Honolulu have received from their correspondents in southern China a circular telling of the organization of a new society with similar aims to the Bow Wong Wai, of Kiang Yui Wei. It is declared to have been formed in Macao, a Portuguese settlement, south of Canton, and to have already begun warfare upon the present Chinese government. The objects of the society are stated to be to organize a progressive government in China with Kwang Hsu on the throne.

The schooner Aloha has returned to Honolulu from Laysan Island, where she arrived a few days after Capt. Spencer and the other white men, after shooting two of the Japanese, had started back to Honolulu with the rest as prisoners. The Aloha found only the two men who had been left in charge, Spencer's son and Engineer Luhn. The two men, who were alone on the little island, could not agree as to what had happened. The bark Ceylon is now on her way to Laysan with a load of Japs, to get a cargo of guano.

The British bark Dunreagan, which was ashore at Diamond Head, left coincidentally with the Miowera for the Coast.

**A REMARKABLE SHOWING.**

Record-Breaking Attendance of Pupils at the City Schools.

The number of pupils in attendance at the public schools during September was the largest in the history of the city, reaching a total of 2,628. The average daily attendance was 2,295.18, or 90.7 per cent., which is unprecedentedly high. Nevertheless, even this allows for more than 230 absentees every day. The percentage of regular attendance attained by the various schools were as follows: High school, 91.1; Boys' Central, 89.5; Girls' Central, 90.9; North Ward, 92.4; South Park, 90.7; Victoria West, 88.2; Spring Ridge, 91.2; Hillside avenue, 87.2; Kingston street, 91.2.

Of the 52 divisions in all the schools, 29 secured a daily average attendance of 90 per cent. or over, and in the following ten divisions the figure was over 93 per cent.:

High School—Division 1, 96.2 per cent.; Division 3, 94.6 per cent.
North Ward—Division 1, 93.1 per cent.; Division 3, 96.1 per cent.; Division 5, 94.5 per cent.; Division 6, 94.6 per cent.; Division 7, 94.2 per cent.
Boys' Central—Division 1, 93.4 per cent.
South Park—Division 3, 94.7 per cent.
Spring Ridge—Division 1, 94.3 per cent.

**Miwera Brings News of a Native Rising in New Hebrides.**

**Unveiling of Anglo-American Memorial to Dead at Apia.**

**Rich Gold Find—New Zealand Premier on the Pacific Cable.**

R. M. S. Miwera brought news from the South Seas of a rising of the natives on the island of Eromanga, one of the New Hebrides group. The news was given to the Sydney newspapers by Rev. H. A. Robertson, of the Canadian Presbyterian Missionary Society, who was visiting at Sydney and who had been hurriedly called back to Eromanga on receipt of the news. He said that the native Christians had been attacked on Eromanga by the blacks and 15 had been killed. The teachers had taken refuge, when the letter in which the news was given was written, in caves. So serious was the rising accounted that steps were being taken to build a bullet-proof stockade around the chief's residence at Dillon's Bay, Eromanga.

News was also brought by the steamer of the unveiling of the Anglo-American memorial erected as a naval tribute over the graves of the dead who fell in the Samoan campaign of 1900. The memorial was unveiled by Dr. W. H. Solf, the German governor. The ceremony, which was an impressive one, was attended by the officers and men of H. M. S. Pythias and U. S. S. Abarenda. The memorial stands on a splendid site given by the German government, and is in full view of the harbor of Apia. It was subscribed for by the crews of the U. S. S. Philadelphia and H. M. S. Royalist, Porpoise, Tauranga and Torch. The monument is of grey Aberdeen granite, bearing gilt inscription, with entwined English and American flags above and anchor below in gold bronze. The stones were conveyed from Sydney by H. M. S. Pythias and landed by lighters supplied by a German firm. The graveyard where the fallen fighters were buried is fast becoming a native burying ground, and the German government in consequence offered the much better site. The bodies were then exhumed and removed from the old graveyard, which is opposite the residence of Mataafa. The bodies removed, the proceedings commenced by the reading of the English burial service by Rev. Walter Hackett, a Congregational minister of the London Missionary Society. Firing parties of the German and American flags were fired from the harbor of Apia. The bodies were then exhumed and removed from the old graveyard, which is opposite the residence of Mataafa. **LETTERS TO THE EDITOR.**

**WHO STOLE THE PEARS?**

Sir:—I don't suppose the above query will be answered, but through your columns I would wish to enter a protest against the meanness of the noble hunters who stripped the pear tree in the garden of Somerton Lake. Presumably they were Victorians, and ought to be satisfied that we ranchers permit them to shoot over our land, and carry off the game, but our crops without invading and robbing our orchards.

**A RANCHER WITH A GRIEVANCE.**

**THE SAANICH AGRICULTURISTS.**

Sir:—Will you kindly permit me to give a small detail of last Saturday's show? The day proved fine, much more so, I am sorry to say, than did the show, though perhaps it was owing to a good deal to the luncheon of the same date, and undoubtedly a little due to the want of the outside competition. Last year I was much surprised and delighted with the magnificent show, both inside and outside of the hall, but instead of increasing, as it should do, it is decreasing; the value of all the goods that were in the building, I am sure, would amount to \$25, whereas last year it had been a bargain at \$100. The exhibitors this year were the officers, directors, their good wives, and a neighbor or two. The stock certainly was a poor turn-out, the poultry may have been magnificent, but unfortunately, they could not be seen; they were not exactly tied up in sacks, but nailed up in such close boxes, allowing only a little light to enter in at one side, that one could scarcely recognize whether they were black or white. We have to thank our kind people from the city for a big crowd. It is hard to have to admit that if it had not been for the citizens, the exhibition must have proved a failure. If the show is to improve, outside competition must be invited, and more than that, encouraged and a little favored, rather than otherwise. Competition will bring a big crowd of farmers, and it is a disgraceful exhibition, and they should not have to depend on the city to make it a success. The little party that now comes to the show seems to be well aware that competition is all right, just what they want, and just what they like, as long as it is not too strong for them. It is hard to see that it is their principle to keep the honors among themselves as much as possible and depend on the city alone to make the show a success. I will mention one act. An outsider exhibited some potatoes, which proved to be the best sample in the hall, and was given a prize. There were also potatoes, and there was not; now, it would have looked much better if the potatoes had been turned outside the door, and the name of the exhibitor not being placed on these roots, stating the reason they were not prized, it is not giving his name to the exhibitor, and there was not, but what must have proved annoying was that there was no ticket on the potatoes. It is hard to see that it is their principle to keep the honors among themselves as much as possible and depend on the city alone to make the show a success. I will mention one act.
